

Attorney Docket No.: 944-3.154-1  
Serial No.: 10/666,920

REMARKS

With this paper, claims 11-14 and 17-20 would be canceled, and claims 41-48 would be added to the application, so that claims 1-10, 15-16, and 21-48 would be pending.

New claim 41 corresponds to allowed claim 28, and recites a receiver and a physical layer, for which support is at page 18, line 5 (for the receiver) and at page 9, line 19 (for the physical layer). New claims 42-48 are apparatus claims corresponding to allowed method claims but reciting the receiver and the physical layer.

In addition, various of the claims are changed in ways believed to be purely of form.

It is believed that the claims as amended here are in condition for allowance and their passage to issue is earnestly solicited.
